Insolia

Produced from vines within South central Sicily Agrigento - Caltanissetta. Matured in stainless steel until end of March and then 3 months in bottle. Bright straw yellow with greenish tinges. Opens with aromas that recall exotic fruit and yellow fragrant flowers. Elegant and fresh.

PRODUCT DESCRIPTION

The Grottarossa Vini company was founded in 1992. The production area is located between the Valley of the Temples in Agrigento and the Colli Nisseni around Caltanissetta. This specific territory produces excellent Sicilian wines. The wines are an expression of this excellent territory. The fertile limestone soils of medium texture, are ideal for planting a variety of local and foreign grapes, the unique land fertility guarantees the uniqueness of the wines.
